

For the Acceleration of Light, of God-Desire, and of the Will to Be

In the name of the I AM THAT I AM, I call for the full power of the Father/Mother God, the Son, and the Holy Spirit. I call for the cosmic cross of white fire to intensify the light of the heart, intensify now the soul's desire to be free on the legitimate path of Christhood.

I call for the soul to be wrapped in the swaddling garment of the eternal Mother, to rise in the cradle of the Mother, to rise to the plane of the heart through surrender to Lord Maitreya. I call for the Ruby Ray in the full power of Gautama Buddha, Sanat Kumara, Lord Maitreya, Jesus Christ, the causal bodies of the two witnesses, and the sacred hearts of the saints.

I call for the action now of the setting aside and holding back of the conglomerate of human desire and human karma that the souls of light may proceed directly to the very living heart of their own Christ Self and enter there the Holy of Holies. I call for the staying hand of the LORD even in the very midst of the Dark Cycle when the hand of the LORD GOD is removed and mankind's karma is accelerating.

I call, then, and I ask intercession, beloved Saint Germain, on behalf of every true chela of the light who is sincerely desirous of putting on God consciousness and who will, then, be the one who rewards the ascended Gurus with a sacred labor and with the flame of transmutation, taking full responsibility for that human desire and human karma so set aside by the intercession of the ascended hosts of light.

Therefore, Almighty God, we come before the throne. We plead for the acceleration of light, of God-desire, and of the will to be. We call for the protection of free will in the very seat of the soul, the living soul presence of the chelas of the Great White Brotherhood. We call, then, for the acceleration of that God-freedom.

Beloved Saint Germain, enter now the seat-of the-soul chakra in all those who bid thee welcome. I call for the binding of the carnal mind. I call for the transmutation of all psychic detours and all false gurus with their promises of the holding back of that karma or the taking on of it. I demand the exposure of the Liar and the lie in these individuals who without the aegis of Almighty God or the Great White Brotherhood have assumed their position in the center of circles of well-meaning and sincere souls.

Burn right through! Burn and consume that psychic substance! Bolts of lightning! I demand the exorcism of the false hierarchy and its false gurus, wolves in sheep's clothing in the body of the earth.

Burn right through! Expose and consume! Burn right through! by the power of the all-seeing eye of God. Blaze forth the light of the all-seeing eye of God! Burn right through! Let there be a binding action by the hosts of the LORD now! And let the souls who will to be God, who will to be the instruments of salvation upon earth and the true shepherds of the people, come forth now and be cut free by Archangel Michael.

Mighty Astrea, beloved Maha Shakti, blaze the light of Elohim! Lock your cosmic circle and sword of blue flame around the cause and core of all that impedes the soul on the Path of the Ruby

Ray, all that prevents the manifestation of sacrifice, surrender, selflessness, and service.

Blaze forth the light of God that never fails! Seal the hearts of the faithful! Seal the hearts of the faithful! Seal their souls in the path of light! The light of God never fails, the light of God never fails, the light of God never fails and the beloved mighty I AM Presence is that light!

Beloved mighty Surya and Cuzco, hold now the balance—fire, air, water, and earth—for the manifestation of the Flame of Life within the elementals, within the chelas of light, within the children of God, within all people everywhere, within the embodied angelic hosts.

We call for a balancing action of the Flame of Life upon the planetary body, and we call for the clearing of these chakras of those who are present here for the descent of the cosmic beings of enlightenment to increase our capacity to magnify the LORD. Let God be magnified! Let God be magnified! Let God be magnified! is our revolutionary cry.

We call these forth, O hosts of the LORD. Come now suddenly into this temple. Purge and consume all self-love and idolatry and let the living God appear.

Beloved Surya and Cuzco, Lord Himalaya, Vaivasvata Manu, the God and Goddess Meru, and the Great Divine Director, clear the way! clear the way! clear the way! and come now into the temples of the people of earth. And clear the way for the avatars of the age, clear the way for the Manchild. We decree it and we accept it done this hour in full power. Amen.
