

Prayer and call for Severe Weather Conditions

In the name of the Christ, the I AM that I AM, I lovingly surrender my Being and all, to give the hosts of Light, the heavenly beings adjudicating on our behalf, the ability to mitigate this _____(here name severe weather condition.) [*storm, Ivan, from its devastating effects upon the lands of Florida, Jamaica, Cuba and all surrounding islands and land, including the Gulf coasts of the United States.*]

We pray for mercy upon those who have gone out of alignment whether from willfulness or ignorance, that they may see the Light and turn from their wicked ways. We pray the blessed elemental kingdom, who have been entrapped and ensnared by the forces of evil, the Indian Black Brotherhood and the black magicians, be encircled and cut free from the devastating effects of their combined ensnarement. Swiftly cut free these elementals by the power of the circle and sword of blue flame of Mighty Astrea. Archangel Michael, protect all souls of light, and endangered species on land and sea, from the destructive forces ensnared in this _____(name condition). Release, release, release the elementals and their energies from this _____(name conditions), to deflate it from inside outwards. Bless the elemental kingdom, oh God, and their faithful service to mankind. We call forth oceans of violet flame to consume the cause and core of this condition and burden upon the elementals, as God wills, and for the deliverance and the freedom of these elementals to be the servants of man, not the enslaved servants of God's enemies.

We ask for blessings and your mercy upon all children of God trapped upon _____(name area) in the path of this _____(name condition). Surround each and every soul of light with an impenetrable shield of blue flame energy, their belongings and their families. Heal the _____(name geographical area) that have been hit from this and prior weather conditions with the healing light and salve of Almighty God, the I AM that I AM, through each and every soul of light holding the balance for the millions of people on this planet. Let the light descend now and clear the forcefield of the people of anger, fear, hurt and any sense of injustice that God has harmed them or deliberately harmed them. Let them feel the love and mercy of Almighty God descend into their hearts and beings and help them heal and rebuild their communities into centers of light and love.

Oh God, we are grateful for your mercy, your justice and your everlasting love that even appears as the devastation of our lands and homes. We ask for forgiveness for all life, for those who have unmercifully harmed others, knowingly and unknowingly. May they feel your wrath in the swiftness of this adverse weather condition and know that truly your wrath is their hearts turned against themselves. Let them feel mercy in their hearts

for one another and turn to the Light with the swiftness of the storms passing and learn that love is the key, not selfishness, pride and the ego.

We pray this in your name, oh God, in the name of the entire Spirit of the Great White Brotherhood. May the blessings of untold mercy shine through the hearts of the souls caught in this _____(name condition), and teach the way of love to all.

Amen
